

# Haikus

William Shaw

## Haiku of the Cybermen

The irrelevance  
Of your emotions is clear:  
You Will Be Like Us.

## Haiku for the Master

My new plan is so  
Stupidly complex, even  
I cannot stop it.

## Haiku for the Twelfth Doctor

This strange man, with his  
Authoritative Eyebrows,  
Puts himself in charge.

## The Pirate Planet

The captain orders  
Me to walk the plank. What a  
Clichéd way to die.

## Kinda

The serpent draws near;  
I was forgetting that the  
Trees have no mercy.

## Listen

Words in the dark: Fear  
Makes companions of us all.  
Nightmares are banished.
